)	RM-10868, RM-10869, RM-10870

Comments of Roy S. Oakley Callsing KE5AZI

I would like to fully commend the FCC for a progressive proposal to eliminate all morse code testing for all amature radio license classes. I have never wanted to learn morse nor have I ever throught that i would use that MODE I am a digital operator, and the morse requirement has greatly limited me to the tech. class operator's license. This is truly a step into the the furture of amature radio.
